### BELIMO RELEASES NEW RETROFIT KIT

Danbury, CT, January 14, 2019 – Belimo Americas released the new UBLK1000 series zone valve retrofit solutions. The UBLK series are retrofit kits designed to replace existing actuators on TACO Zone Sentry® zone valves, Schneider Electric™ VBB ball valves, or TAC Erie™ VM zone valves with the Belimo compact CQ actuators. These replacement solutions restore service without the removal of the valve, saving on installation and downtime while increasing performance and efficiency and is backed with a 5-year warranty.

“Customers have expressed an immediate need to retrofit some of the most prevalent zone valves in the market. These new kits provide an opportunity to leverage Belimo’s innovative actuator technology saving them time and increasing energy efficiency,” states Steven Lopes, Belimo Product Manager.
