

Hinwil, February 11, 2015, 07:00 a.m.

**Press release of the Belimo Group**

**Accelerated growth in the Americas and Asia/Pacific**

In 2014 the Belimo Group was once again able to expand its leading market position in the field of actuator solutions for controlling heating, ventilation and air-conditioning systems. In the second half-year, the Americas and Asia/Pacific performed particularly well, while growth in Europe slowed.

Net sales in Swiss francs rose by 4.5 percent (6.6 percent in local currencies) to CHF 493.9 million. For Europe the currency-adjusted growth was 5.0, for the Americas 8.3 and for Asia/Pacific 9.3 percent. The air and water applications grew on a currency-adjusted basis by 6.1 and 7.4 percent, respectively.

Based on the preliminary figures, Belimo Group expects operating income (EBIT) of about CHF 81 million (first half 2014 CHF 42.0 million, previous year CHF 81.3 million) and net income of about CHF 67 million (first half 2014 CHF 33.6 million, previous year CHF 62.6 million).

The present currency situation is expected to continue. Under these circumstances, Belimo estimates that if the sales growth targeted for 2015 is achieved, it will be difficult to generate growth in Swiss francs.

Detailed information on the 2014 reporting year will be announced on Monday, March 23, 2015 at the media information session.
