### Safety notes

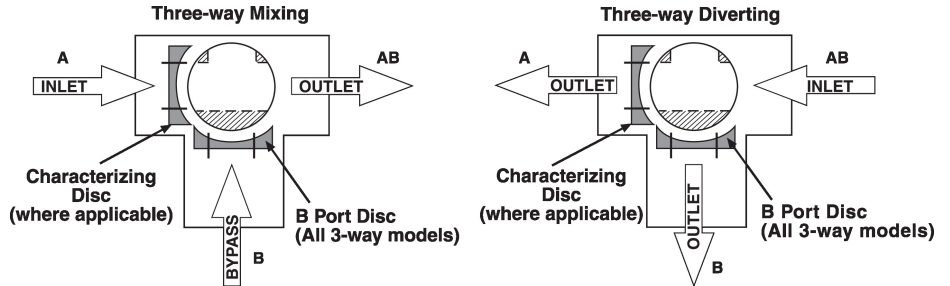

- **WARNING:** This product can expose you to lead which is known to the State of California to cause cancer and reproductive harm. For more information go to [www.p65warnings.ca.gov](http://www.p65warnings.ca.gov)

Product features

**Application** This valve is typically used in air handling units on heating or cooling coils, and fan coil unit heating or cooling coils. Some other common applications include Unit Ventilators, VAV box re-heat coils and bypass loops. This valve is suitable for use in a hydronic system with variable or constant flow.

**Flow/Mounting details**

This valve is not suitable for use as a change over valve.

Dimensions

| Type | DN        | Weight            |
|------|-----------|-------------------|

|------------------------|--|------------|
|                        | Auxiliary switch 1x SPDT add-on            | S1A        |
|                        | Auxiliary switch 2x SPDT add-on            | S2A        |
|                        | Feedback potentiometer 140 Ω add-on, grey  | P140A GR   |
|                        | Feedback potentiometer 1 kΩ add-on, grey   | P1000A GR  |
|                        | Feedback potentiometer 10 kΩ add-on, grey  | P10000A GR |
|                        | Feedback potentiometer 2.8 kΩ add-on, grey | P2800A GR  |
|                        | Feedback potentiometer 500 Ω add-on, grey  | P500A GR   |
|                        | Feedback potentiometer 5 kΩ add-on, grey   | P5000A GR  |

**Electrical installation**

**✂ INSTALLATION NOTES**

- ⚠ Provide overload protection and disconnect as required.
- ⚠ Actuators may be connected in parallel. Power consumption and input impedance must be observed.
- ⚠ Actuators may also be powered by DC 24 V.
- ⚠ Actuators Hot wire must be connected to the control board common. Only connect common to neg. (-) leg of control circuits. Terminal models (-T) have no-feedback.
- ⚠ Actuators are provided with a numbered screw terminal strip instead of a cable.
- ◆ Meets cULus requirements without the need of an electrical ground connection.
- ⚠ **Warning! Live electrical components!**  
During installation, testing, servicing and troubleshooting of this product, it may be necessary to work with live electrical components. Have a qualified licensed electrician or other individual who has been properly trained in handling live electrical components perform these tasks. Failure to follow all electrical safety precautions when exposed to live electrical components could result in death or serious injury.
